Services**

Kimley-Horn Overview

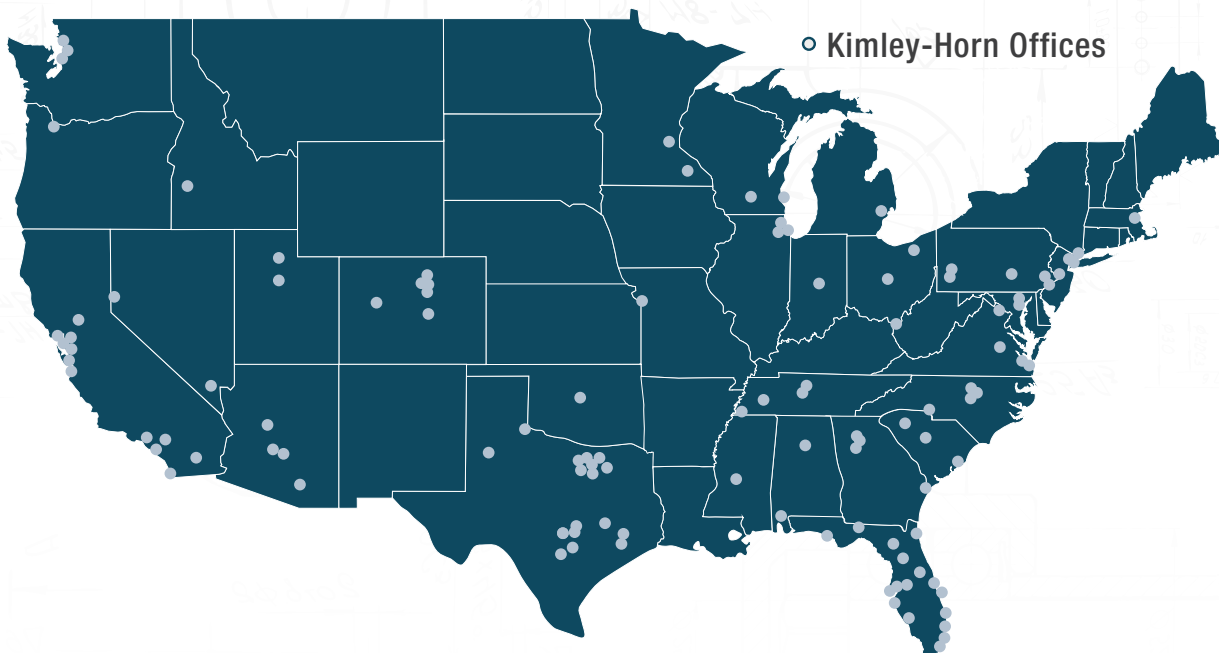

Since our founding in 1967, Kimley-Horn has had a long history of successfully serving public agencies. We have worked with hundreds of cities, counties, and local government agencies throughout the country—providing a wide range of services including general engineering, surface water, roadway, parking, land planning and landscape architecture, environmental, and water and wastewater. Our team of engineers and planners in the Chicagoland area aim to provide your public agency with exceptional service by creating value, helping achieve goals, and delivering on your expectations.
